The county in the future would not be satisfied with a building which would cost less than from \$30,000 to \$50,000. Such an amount the tax payers of the county could not pay now, and the only other course would be that which has been adopted in many other counties, a course which has been a great detriment to the prosperity of the counties where it has been adopted—that of issuing bonds—placing a mortgage upon every dollar's worth of property in the county at present and that which may come hereafter. When it ceases to do that, it is quite probable that the county will be able to construct one which will redound to its credit.

tute in case he could not attend.

After extending a vote of thanks to the retiring county committee, the convention adjourned. Although the convention was not large the best of feeling prevailed, and there seemed a determination to do good and successful work, and the organization as perfected argues well for success.

Ireland and The Lady of Lyons.

The people of Cheboygan have responded liberally whenever called upon to render aid to afflicted humanity. They are now appealed to in behalf of the Irish to contribute something towards lessening the suffering of the poor in Ireland, who, as is well known, are in a most deplorable condition. In order to raise a fund worthy of the good reputation of citizens, the Amateur Dramatic Club have finally consented to devote one evening's entertainment for this purpose, and to apply the proceeds to the object. Our citizens should respond liberally and turn out in goodly numbers to the entertainment on Monday night. The play selected for the occasion is the Lady of Lyons, and if it as well presented as it was a short time Club have finally consented to devote one evening's entertainment for this purpose, and to apply the proceeds to the object. Our citizens should respond liberally and turn out in goodly numbers to the entertainmen on Monday night. The play selected for the occasion is the Lady of Lyons, and if it as well presented as it was a short time ago, we can assure our readers that they will be well repaid for attending. The prices of admission have been fixed at 50 cents for reserved seats, which can be had at C. A. Gallagher's grocery, and 35 cents general admission. After the close of performance a hop will take place for which 50 cents will be charged for each gentleman.
